ADA helps when your vehicle or mobility device becomes disabled. With over 47,000 service providers within the United States, Canada and Puerto Rico we stand ready to assist you.

To receive service call 1-800-291-7305.

- Battery Jump Start
- Tire Change
- Fuel Delivery
- Lockout Service
- Extrication/Winching

- Towing
- Accessible Passenger Transportation
- Wheel Chair and Scooter disablement transport

Battery Service:

In areas where available, ADA will send a service provider to your location at which time our service provider will Jump-Start your vehicle. In the event this service does not start your vehicle for safe traveling towing will be provided.

Vehicle Rental Replacement Service:

For those instances when your car or mobility device is mechanically disabled, ADA has partnered with Rental car companies to help you arrange for a rental replacement vehicle. Rental agencies will provide a rental vehicle to ADA Members through the ADA web site at specially negotiated rates. ADA can arrange for delivery of the vehicle to the breakdown or repair location, or will transport the member to the nearest rental location.

Special Emergency Provision

In the event accessible transportation cannot be provided due to lapse of coverage in a particular area.

ADA will as a benefit to you arrange either an accessible rental vehicle, wheelchair or scooter.

If an excessive wait is involved ADA will arrange for hotel accommodations until service has arrived.

ADA will reimburse up to \$100.00 per day for incidental expense such as food, toiletries etc. with a maximum benefit of \$700.00.

ADA may require member to pay for lodging initially and submit for timely reimbursement.

In some cases the following may apply:

- ADA may transport your accessible rental vehicle to your location.
- ADA may have to send a service provider more than 100 miles to your disablement scene.
- If these provisions apply ADA will make the necessary arrangements for your safety and comfort until service arrives.

When placing a call for emergency roadside services, be prepared to give the service coordinator the following information:

- Your name and membership number
- Year/Make/Model and color of car
- Type of mobility device
- Number of occupants
- Car location and nearest intersecting street
- Type of service needed
- Telephone number from where you are calling from.

Please call back and cancel if service is no longer required.

The following provisions define the scope and extent of ADA Auto Club's roadside assistance. Please note that these rules are subject to change, so members should read them each time they are published or revisions are sent by email or direct mail.

Reimbursement is extended to include those services covered by your membership. If you have questions about the Club's roadside service policies, please call Member Services at 1-800-720-3132.

ADA Security Plus and Security Plus RV are membership categories available at an additional cost, and provide expanded Roadside Service benefits, including 100 miles of towing and emergency accessible transportation, plus additional travel benefits. Plus RV extends service to recreational vehicles and recreational trailers to include motorcycles.

1. Eligibility

You are entitled to specific roadside service or transport without charge, when ALL FIVE of the following conditions are met:

- a. You have paid membership dues as a Primary or Associate member, and have a membership card in your name or are a new member within 30 days of effective date.
- b. You are with the car or mobility device to receive service.
- c. You have a current membership card and driver's license or photo I.D. to identify you.
- d. You were either driving the vehicle or riding in the vehicle. Or using a mobility device at the time of the breakdown.
- e. The condition of the car or mobility device for which service is requested, must be one that prevents you from continuing or completing your trip in that car or mobility device.
- f. Your use of road service or transport has not exceeded four calls during a membership year, otherwise charges are incurred for the fifth and subsequent calls.

2. Servicing Equipment

The Club allows one normally equipped service provider, one driver, and one service call per emergency. Additional equipment, or additional personnel must be paid for by you, at the time of service, at the prevailing commercial rates.

Security Plus and Security plus RV provides for all types of roadside services provider and for special equipment if required to provide covered services for eligible RVs, motorcycles, mobility devices.

3. Type of Service

The following types of roadside assistance or transport are normally available.

- a. Starting: If your vehicle will not start or mobility device has an electrical problem, service is available without charge to provide a "jump start," and simple adjustments will be done if they can be made safely and conveniently.
- b. Towing: If your car requires towing or mobility device requires transport, the Club will provide one tow or transport per breakdown (for both hook-up and mileage) to a destinations. You may choose one of the following two destinations:
 1. A tow or transport to the nearest reliable repair facility
 2. To a destination of choice within mileage coverage limits.

For towing or transport to any other destination, the Club covers the charge for the hook-up and the mileage limits of your membership. Beyond mileage limits of service, you will be charged contractor's normal commercial rate per mile, not to exceed \$5.50 for towing and \$3.50 per mile for transport. Such mileage charges will not be reimbursed by the Club. Only one tow or transport will be made at this mileage rate for each tow and transport. If the tow is to a destination other than the nearest reliable repair facility, the Auto Club reserves the right to defer the tow to some later time.

Towing will be provided for light duty trailers being towed at the time of disablement. However, the member will be responsible for any related charges unless a pre-authorization has been arranged by calling ADA special conditions at 1-800-720-3132.

ADA Security Plus provides towing to any destination within 100 miles of the breakdown. A long distance tow under ADA Security Plus may have to be deferred to a time when the contractor can make the tow or transport without affecting the normal Road Service or transport service he or she provides.

Security Plus RV provides for towing of an RV to any destination within 100 miles of the breakdown. In the event an RV is disabled while pulling a trailer covered by the rules including fifth wheel trailers, a tow will be provided to the disabled vehicle, and the trailer. For services not covered, such as towing beyond 100 miles, the member will be responsible for paying the contractors commercial rate.

Accident and Warranty Towing:

Service will be provided to the member in accordance with the rules in section 3.b., unless prohibited by law. Storage charges or additional tows are not covered. The Club and/or service providers may seek reimbursement from insurance companies and/or repair facilities, when appropriate.

Extrication:

The Club allows one normally equipped service vehicle and one driver. Special or additional equipment or additional personnel must be paid by you at the time of service at the prevailing commercial rates. Extrication service for your vehicle, except when it is snowbound in its normal parking space (your driveway, parking lot, or on the street) will be provided if it can be done from a safe, paved area. Shoveling snow from around a vehicle or cleaning a road or driveway is not provided by the Club.

ADA Security Plus/Plus RV provides an additional truck and driver for one hour subject to the limitations under the Standard membership benefit.

Tire Service:

The Club will replace a flat tire with the inflated spare from your car. Service does not extend to repairing a tire or putting a replacement on your wheel. If more than one tire is deflated or if an inflated spare is not carried; we will tow your car. In the event your mobility device will not accept air it will be transported to the nearest repair location. If the tire cannot be changed, or if the vehicle is a motorcycle or mobility device, towing or transport of the vehicle will be provided.

Out of Gas:

The Club will deliver a limited amount of fuel to a member's disabled vehicle, enabling the member to reach the nearest service station where fuel can be purchased. It may not be possible to provide a particular brand or grade, and you must pay for the gasoline on delivery. If the car must be towed, it is subject to standard provisions. rules in 3.b.

ADA Security Plus/Plus RV provides the gasoline free of charge. ADA Security Plus RV does not include delivery or free fuel for use in portable or onboard generators any type of boat engine, snowmobile or jet ski.

Lockout/Locksmith Services:

If the vehicle's keys are locked inside the vehicle, service is available to attempt to unlock the vehicle. If the vehicle key is lost, broken, or the service provider cannot gain entry, the Club will provide locksmith service, or reimbursement of commercial locksmith service up to

\$50. If the vehicle requires towing, the tow is subject to towing rules in section 3.b.

ADA Security Plus/Plus RV provides up to \$100 reimbursement for parts and labor of a locksmith if your keys are lost, broken or locked in the trunk.

Reimbursement subject to limitations under the basic membership benefit. Roadside assistance is provided for four-wheeled motor driven vehicles of the passenger, pleasure, or recreational type, adapted vehicle, wheel chairs or scooters.

You will be charged for flatbed service when not required by the auto or mobility device manufacturer or by the ADA service outline.

Flatbed service charges are not applicable if required due to accident damage or if it is the service providers' primary service vehicle.

For ADA Standard Membership and ADA Security Plus Membership towing is limited to covered vehicles below 10,000 lbs. GVW.

Dual wheel recreational vehicles will be provided all services except towing, extrication/recovery, and tire service. Dual wheel unloaded pickup trucks are provided all services except tire service. Unless you are covered under Security Plus RV.

After market options such as snow plows or salt spreaders may prevent the vehicle from being towed with automobile servicing equipment.

Rented passenger vehicles are eligible for service. commercial vehicles are eligible for service if enrolled in the ADA fleet program unless otherwise approved by the club.

Security Plus RV also provides roadside assistance to motor homes pickup trucks with campers, travel trailers (including fifth wheel travel trailers), camping trailers. motorcycles, motorcycle and snowmobile trailers or boat trailers. Coverage is not provided for horse/livestock trailers or utility trailers unless pre-authorized by calling 1-800-720-3132.

Services Not Included:

The Club's roadside services are NOT available:

- a. For installation or removal of snow tires, or chains; tire rotation.
- b. When parts have been removed or altered that make the vehicle inoperable (except by theft).
- c. When you are not with the vehicle. Exceptions can be made for extenuating circumstances. If towed, someone must be with the vehicle to pay for noncovered services otherwise it will be towed to the nearest reliable repair location.
- d. Towing, tire change or extrication for heavily loaded vehicles which may not be safely performed.
- e. If the vehicle is for hire (taxi, limo, etc.) (Except under fleet program provisions)
- f. If the vehicle does not bear valid state license plates, has been towed under police order due to infractions, or held under legal restraint.
- g. Has been driven in an area which is not maintained as a road.

Independent Contractors:

ADA contracts with Quest Towing Services and Nations Safe Drivers. They were selected for their ability to provide reliable service. The Club cannot guarantee that they will have all of the parts or facilities or contractors you need for your car or mobility device, nor will the Club accept responsibility for repairs, or the availability, delivery, or installation of parts. All parts used and services provided to you by a contract station, giving roadside assistance as described in these rules, must be authorized and paid for by you. Stations are independent contractors and not agents or employees of the Club. Any claim for damage against a contract station or its personnel should be reported promptly to the station owner. If such a claim is not met to the satisfaction of the member, you may report it to the Club's Member Representatives Department within 30 days of the event. An effort will be made to mediate the dispute after an investigation.

Excessive or Ineligible Use:

The most equitable way to control expenses and ensure reasonable membership dues, is to ask the few members who use roadside assistance excessively to share in the cost of providing this expensive service. Therefore, each member (Standard, Security Plus, Security Plus RV, Mobility Transport) is limited to four (4) Road Service and Transport calls per membership year at no charge, provided the service is allowed by these rules.

Primary and Associate members within the same family are each entitled to four calls; calls are not accumulative among family members and are not transferable among members.

The member name and membership number used when requesting service will be the account charged with the service call.

Although rules limit service to one call per problem, multiple service calls for the same problem will be counted separately on your service record. A service call is defined as any type of service other than towing.

First year member's membership period begins from time of enrollment until the expiration date indicated on your permanent membership card. Each year thereafter, your 12 month membership period begins and ends as indicated as the expiration date on your permanent membership card and is effective only if your current membership dues are paid in full. You will be billed for any service obtained without paying your annual membership dues.

While most members average only one call per year, there are times when you might need more frequent service. For those times when it is necessary to exceed the four-call-per-year limit, the service will be provided and you will be charged an amount which covers ADA's cost to provide the service.

Nonpayment of a billed service call will result in cancellation or non-renewal of membership and collection procedures will be instituted.

The Club reserves the right to cancel a membership where the member has exceeded the four-call limit per membership year, or has abused the privileges of membership.

Complete call counts **are not available** from service coordinators when you request Road services. If you have any questions regarding this service contract policy, or need to obtain your current count, please contact ADA at 1-800-720-3132

Reimbursements:

If you made a reasonable attempt to get help from our Dispatch Center and were unable to do so, you may apply to the Club for reimbursement of the bill obtained from whatever nearby service or transport provider that was used. When applying, include both the original itemized receipt on the billhead of the servicing firm and the following details: The nature of the trouble, where the car or mobility device broke down, the date and time of breakdown and the amount paid.

The application must be sent within 60 days after the incident

to: ADA Refund Department,
PO Box 90264
Portland, OR 97290-9264

Reimbursement will be considered only if it is a service allowed by these rules, and if it is a service we give without charge. The Club reserves the right to adjust a reimbursement application where the amount charged is higher than the prevailing commercial rate for that region, and to deny or adjust a reimbursement application for service obtained from anyone not engaged in the automobile transportation service business.

Accessible Transportation Benefit Reimbursement:

In the event you called your 24 hours dispatch for transportation and we could not provide you that service due to a lack of coverage: Our commitment to you allows for a reimbursement up to \$35.00 for Standard members and \$100.00 for Security plus members. This provision provides for peace of mind and cost recovery if you are put out in anyway as an ADA member. In the event this does occur you agree to hold ADA and its affiliates harmless except for reimbursement fees. Submit reimbursement request to the our refund department along with the original paid receipt

Reimbursement is not available for payment of a mileage charge incurred when tow or transport is further than membership coverage limits.

ADA Security Plus/Plus RV provides reimbursement at prevailing commercial rates when the additional towing, transportation, extrication, locksmith or special equipment benefits are required outside an area served by the Club.

Mobility Transport provides reimbursement at prevailing rates when the service is required outside an area served by the club.

Extreme Weather

We have made every effort to ensure that the Club's Roadside Assistance can function under all conditions. However, when the weather or roads are extremely bad, there may be some delay before help can reach you. During such times, we try to give priority to members stranded away from shelter. When such situations exist, we ask you to please be patient—of course you can seek help from any nearby service provider.

Towing and Transportation is by far the most time-consuming service the Club provides. When road conditions are dangerous or when our call volume is unusually high, towing operations may be temporarily suspended to avoid excessive delays to members waiting for other services.

Personal Travel Planning:

All your travel planning can be accomplished with one phone call or visit to our web site. Our trained consultants will help you plan your route, sightseeing and accommodations and prepare a custom travel package for every driving trip. We can also arrange

MYTHS AND FACTS

ABOUT PEOPLE WITH DISABILITIES

Myths are roadblock that interfere with the ability of persons with disabilities to have equality in employment and service. Listed below are some common myths and facts that tell the real story.

MYTH: Hiring people with disabilities will increase workers compensation insurance.

FACT: An Insurance rate is based solely on the relative hazards of the industry and the companies' accident experience, not on whether workers have disabilities.

MYTH: If I encourage people with disabilities to buy products or services from my company I have to be accessible and spend allot of money so they can shop at my store or buy my services.

FACT: Persons with disabilities do not require a business to be fully accessible in order to gain their business but rather that a business attempts to provide reasonable access.

MYTH: If people with disabilities come to my business, they will sue me because my business is not accessible.

FACT: There are 54 million Americans with disabilities; The Americans with Disabilities Act of 1990 was enacted to assure equality of opportunity, full participation, independent living, and economic self-sufficiency.

MYTH: If I hire a person with a disability, they will be late for work on just not come in.

FACT: Studies by firms such as DuPont show that employees with disabilities are not absent or late any more than employees without disabilities.

MYTH: Persons with disabilities are inspirational, courageous, and brave for being able to overcome their disabilities.

FACT: Persons with disabilities are simply carrying on normal activities of living when they drive to work, go grocery shopping, pay their bills, or compete in athletic events.
