## ***About United Spinal Association***

United Spinal Association is dedicated to enhancing the quality of life of all people living with spinal cord injuries and disorders (SCI/D), including veterans, and providing support and information to loved ones, care providers and professionals. We believe no person should be excluded from opportunity on the basis of their disability.

Today, United Spinal is the largest non-profit organization dedicated to helping people living with SCI/D. We have more than 60 local chapters and support groups nationwide, connecting people with SCI/D to their peers and fostering an expansive grassroots network that enriches lives. We are committed to providing active-lifestyle information, peer support and advocacy that empower individuals to achieve their highest potential in all facets of life.
